

The development of Beeville Comprehensive Plan continues moving forward. The City's planning consultant, Kendig Keast Collaborative (KKC) is coming back to Beeville on September 8 and 9 to hold more listening sessions with community organizations, such as Bee Area Partnership, Bee Development Authority, Coastal Bend College and Beeville Independent School District and community health partners.

Additionally, there will be a Town Hall meeting scheduled on September 9 from 5:30 pm to 7:30 pm for the community members to help the consultant mapping out the future of Beeville. The Town Hall meeting will again be held at Beeville Event Center, 111 E. Corpus Christi Street. There will also be mapping exercise for revitalization, plan prioritization and challenges throughout the meeting room to gather inputs from the community members.

There will also be additional listening sessions for the community members on Sunday, September 12, 2021. These listening sessions do not have any specific topic or subject, just more opportunities for community members to share their views/comments/suggestions/ideas. Two sessions will be held on that date. The first one will be 1:30 pm and the 2nd one will be at 4:00 pm. Both listening sessions will take place at the Beeville Event Center, 111 E. Corpus Christi Street.

During the ongoing COVID-19 era, these events will follow CDC guidelines to exercise safety protocol and practice safe distance.

Please contact Jung-Han (John) Chen, Assistant City Manager, at 361-358-4641 ext. 243 with any questions about these upcoming events.
